Silver Moon pre-existing 1910 species hybrid	Mme Alfred de Rougemont B-N
Marie Leonida pre-existing 1829 species hybrid	Perle des Blanches B-N T 26

R = recurrent (in Rambler row).

The selection of Ramblers is arbitrary, with a focus on purples, foundlings and cultivars often misnamed in commerce. There are a few seedlings bred by major plant donors to the Collection.

Cl Mrs Herbert Stevens , Tea-HT, was a “lost label”.

We have discontinued collecting in-commerce Bourbons.
