

HRIA Tea-Noisette-China Collection Planting Plan. TEA (WEST) bed. Updated Oct 2015

Based on original plan by Pat Toolan.

Planted mainly 2007, 2008, 2009.

Double inverted commas indicate that this is a study name. "Not..." means that the rose is sold under this name, but it does not match the original description. U = used as understock at some stage. The plantings were done over several years and therefore aren't in any logical order.
